

CADILLAC

Dependability—

The Cadillac is the most dependable motor-car money can buy.

By its reliability it has won an enviable place in the regard of America and the whole world.

The Cadillac owner knows that his car will respond whenever and wherever it is called upon, with a maximum of staunch, continuous service.

He knows that no other automobile can compare with his Cadillac, not only in beauty and luxury, but in constancy of performance; in preferment or prestige, or in any of the qualities that have for twenty years set the mark for motor car excellence.

Let your next car be a Cadillac.

Costume Notes

As for the new Suits, they are adorable. Plain, straight skirts are the rule and sleeves are the interesting feature of the jackets. Fall Coats are things of beauty and a continual joy. They're big and wrappy with snugly deep collars and an altogether fascinating air of luxurious smartness.

Frocks for the new season are wisely adhering to the becoming youthful outline. Their youthfulness delightfully emphasized, in the case of black particularly, by gay little touches of vivid color hither and yon.

Hats, too, may disport themselves festively with colorful touches and still be the last word in smartness. Shapes both large and small are principally of fabric, most engagingly different and charming.

New Autumn Models

DAME FASHION is a clever minx this Season. While she has foisted upon us no startling new decrees to follow, as yet, she incessantly hints of new style developments that cannot be ignored.

An artful alteration of the accustomed silhouette in combining colors. A barbaric touch of metal garniture. A bizarre effect in combining colors. An audacious slitting of sleeve or skirt. All these keep our interest at concert pitch.
